situated on the waters of Fishing Creek, two mines South west of Warrenton, and four miles from Ridgeway and Warrenton Depots. These milis are in good repair except the Dam needs new sheeting and new Boiting Cloths are needed. With an expense of three or four bundred dollars the Milis can be made as good as any in Warren County. They have been refitted with new Burr Stones the present year. They contain three runners, two for grinding corn and one for wheat, and the water power is amply sufficient to run a large corn and one for wheat, and the water power is amply sufficient to run a large Factory. The Dam is built on a rock foundation, and never was known to break. Fifty acres of land attached to the Milis will be sold with them.

There is a very good Dwelling House on the premises, with three rooms and all necessary out houses including a new Ice House. I consider this the most valuable property ever offered for sale in this mar-

House. I consider this the most valuable property ever offered for sale in this market. I deem a further description unnecessary, as persons desirous of purchasing can examine for themselves upon application to myself or my brother Frank T. Green, who lives near the Mills. This property will be sold on a credit of six and tweive months; bond with approved security required before possession is given, and fille retained until all the money is paid.

O'Conner Writeth a Letter.

NEW YORK, Oct. 9. Tue Herald's Richmond correspondent says Charles O'Conor in reply to a letter addressed to him by James Lyons, President of the Louisville Convention, inquiring whether he would give assurance that he would serve if elected, and if it was true that he said Greeley was a man of transcendant ability, wrote

the following letter: NEW YORK, Sept. 30. My DEAR SIR:—If I have said or written anything differing in the slightest degree from what is contained in my two published communications, one to the Louisville Convention and one to the Committee, I possess no power of language which would enable me to speak more plainly on any of the subjects therein treated of. It may be true as you suggest, that people will not vote for any man who will not announce in a public manner if elected he will serve them. If so, they will never vote for me. I should regard such an announcement as one made for soliciting their

If the Southern people did not know before I said anything on the subject, that one of the candidates is a man of transcendant ability, they are singularly slow of apprehension. The desolation of which they complain, is attribu-table to him. The long and disastrous war that filled his "bloody chasm" with practical slaughter and involved the whole country in debt and demoralization, is due to the "unequalled energy" combined with the folly of this one exceedingly amuable and exceedingly mischievous man. I regard the possibility of his election with inexpressible aversion; if the ideas of heath-en times prevailed, I would cheerfully surrender my person as a sacrifice on the altar of that deity whose control-ing of events might thus be propitiated and induced to save my country from impending evil. I do not write this impending evil. I do not write this letter for publication. With unchanged and unchangeable friendship, respect

and esteem, I remain my dear sir, Yours truly, CHARLES O'CONOR.

RADICALISM TRIUMPHANT.

The reader is referred to our tele graphic columns for the election news from Indiana, Ohio and Pennsylvania, If these reports be true, and we presume they are, the Radicals have

lar vote and made some gains for Congressmen. We are much disappointed at this result, as we had been led to believe from the indications received from the North that the people of that section desired to meet us haif way in putting aside the strife and bitterness and ani-

carried all of these States on the popu-

mosities of internecine war, and were willing to live with us as brethren of a common country. But the recent elections prove that the Northern people still hate and dis-

trust us, and are anxious to grind us down still deeper in oppression and chains.

They are opposed to reconciliation. They nourish in their hearts deepseated sectional prejudices.

They still cherish towards us feel ings of revenge and malice. They seem determined to give no peace to Carrow's mind that he was murdered by the country, until they crush out the mob! every vestige of our spirit of freedom, our rights and liberties as citizens of and beat Roach and another Marshal-

the same Republic. The people of the South, with a selfsacrifice worthy of the highest com- calls for United States troops to put mendation, have offered to the North in the person of Horace Greeley, a lifelong opponent, with the hope that as a peace-maker he would be received in last Monday, a number of citizens of Russell.

But if we are to judge by the popular sentiment as expressed on Tuesday at the ballot-box, our overtures will be rejected and the hand of reconciliation which we have tendered will be refused with insult and provocation.

However, let us await the official returns and calmly review the situation when the result shall have become positively known.

"THE CONSPIRACY IN PITT." We publish below a letter from one Calvin Cox, a leading Radical in Pitt County, to Marshal Carrow, asking for the strong arm of the United States dovernment to protect the loyal men of hat County from "conspiracy" and

In accordance with Cox's appeal, Carrow requested Gen Morgan to look into the condition of affairs in Pitt, to see if any necessity existed for Federal interference. Gen. Morgan detailed Lieutenant Jones of his command to visit the county, and ascertain the cause of the trouble, if in fact any existed. Lieutenant Jones, upon inquiry, ascertained that there had been two difficulties in the county of a purely personal character, in one of which a United States Marshal accidentally shot and killed his own friend, and wounded one or two others during the fracas. Lieutenant Jones reported that there was no cause whatever for any interference by United States troops-that the matters were strictly under the jurisdiction of the State courts and that they alone had cognizance thereof. The following is a copy of Cox's sen-

SIR: We are in a very helpless condition here. The mob is victorious. Edward Wilson is dead. He died from the effects of a wound received in the mob. We wish for the law to be executed here We doubt whether it can be done with out some aid from the Government.

If you do not send us the Marshal and Commissioner as requested, you must send us 100 men to enable us to do it ourselves. This great confusion was caused here by Sheriff Hellen pretending to contest the election-after having every baliot-box in the County in his ossession.

Every ballot box was controlled by majority of Democratic inspectors. He brings charges against some men voting illegally without knowing.

The Board of County Commissioners had an informal meeting on Friday, 27th, to decide the matter. They failed to meet on that day, and adourned till next Monday. Then we We send you the names of the rioters

The civil authority here is impudent impotent?) except Conservatives in their own interests. Our rights can only be protected by some power outside of the County. From what we have already seen, we believe the United States authorities will continue to be resisted.

CALVIN COX. U. S. Commissioner. E. A. SMITH. Special Deputy U. S. Marshal.

We have no hesitation in saying that the above is a most imfamous and pusillanimous production. The circumstances of the difficulties

alluded to, as detailed to us by a gentleman of the highest respectability and character, who is a citizen of Pitt County, and who is entirely familiar with the whole of the occurrences, show that the blame of the violations of the peace rests chiefly on certain individuals in the employment of the Govern-

A difficulty occurred at Greenville between a young man by the name of Smith, and a Deputy U. S. Marshal named Roach, of a personal character, not while he was in discharge of his official duty, and which had no reference to any violations of the United States laws. Smith had applied an epithet to Roach, which the latter considered insulting, and which Roach afterwards resented at Greenville--the day on which there was a contest there over the election of Sheriff. The affair had no reference either directly or indirectly to the Sheriffalty, as Cox in. sinuates in his letter. For some language addressed to him by Smith. Roach drew his pistol and fired four times. The first shot struck William Wilson, his, Roach's friend, fatally wounding him, the second struck the pants of a bystander without inflicting any wound of a serious nature, the third struck Smith in the arm-and the fourth took effect in Roach's own hand-the pistol having been turned by some one attempting to disarm him while in the act of firing.

Wilson afterwards died, and Cox endeavors to create the impression on

Upon a hearing, the Commissioner dismissed all the warrants and discharged all the prisoners-pronouncing the conduct of Cox and his associates as infamous and disgraceful.

The people of Pitt County, many o whom were subjected to unnecessary expense and inconvenience, in being arrested and dragged to Goldsbore, are ustly indignant and feel that they have been greatly outraged by the manner in which they have been treated by Cox.

The fellow Smith, who signs his name as special Deputy Marshal is a mere too of Cox, and we have therefore taken no notice of him.

We have given prominence to thi scandalous proceeding in order to show the public to what depths of officia infamy Radical partisans descend, in order to wreak their vengeance on peaceful, unoffending people, and to Oct10-1w bring down upon them all the hardships and rigors of military law.

Cox's letter to Carrow is a foul slander upon the County of Pitt, and should call forth the rebuke and condemnation of all good citizens of that County without regard to party.

THE THIEF GOVERNOR.

The people of Pennsylvania have ust elected as their Governor the notorious thief and swinder Hartranft, over Buckalew, a pure, upright and high-toned gentleman. Hartranft was denounced as a thief by Forney and other leading Republicans, yet he runs ahead of his ticket six hundred

votes in Philadelphia. The people of Pennsylvania by a large majority have said they prefer a thief to an honest man! Oh! Radicalism, thy name is cor-

NEVER GIVE UP.

The disasters which the Liberal cause met in the elections on Tuesday, should not cause us to despond, but rather nerve us to renewed efforts.

As Gen. Lee told his soldiers at Appomatox Court House, to cultivate virtue under misfortune, so let the opponents of Radicalism resolve, under the reverses in Pennsylvania, Ohio and Indiana, to strike still harder blows, and wage a still hotter contest against their political foes.

From the New York World. What can be Done Without Pennsylvania, Ohio and Indiana.

What has been done in Georgia will decide the movement of the entire South. From this day forth, the Radicals may look for a GENRAL RIOT. Can you do as well understand that no Southern anything to aid in keeping the peace? State is to be counted upon by them in the struggle for the Presidency, save, perchance, South Carolina and Mississippi. In those States, their carpet-bag agents possess the advantage of such a control of the ignorant negro popula-tion that it will doubtless be difficult to prevent them from stealing the electoral votes of Commonwealths, the treasuries of which it has been found impossible to prevent them from plundering. But if we concede thus much to the force of tyranny and corruption in South Carolina and Mississippi, there yet remain as assured to the Liberal and Democratic tickets by the splendid result of Tuesday's voting in Georgia, the following States with their electoral votes:

Maryland,...... West Virginia, Virginia,..... North Carolina, Georgia,... Alabama Louisian 'ennessee Total:

105 If to these we add the votes which may be regarded as practically certain to be cast for Greeley and Brown of the following States:

New York,... Missouri,....

-making in the sum sixty two voteswe shall have a total of 167 votes, which from this day forth must be conceded by all candid and competent politicaf calculators as secured to the support ol the cause of relorm. To a Presidential choice, there are now required 184 votes. leaving but 17 as necessary to be won by the Liberals and the Democrats. A Democratic victory in Pennsylvania will give us these 17 votes, and 12 to spare, the electoral votes of Pennsylvania being now 29 in number. A Democratic victory in Ohio would give us victory, with 5 votes to spare. A Democratic victory in Indiana and Connecticut would give us victory, with 4 votes to spare. A Democratic victory in Pennsylvania and Ohio, in Ohio and Indiana, or in Pennsylvania and Indiana, would simply put General Grant out of the canvass for all practical purposes. Well then, we repeat, may the party of fraud and of hatred tremble at the thunder-tones in which Georgia has just announced the solid advance of the great column of the regenerated Southern States to the decisive field of action. Well may the Democrats and the Liberals of the Middle States and the West catch new courage and fresh inspiration from the exhilarating sound.

THE WORLD'S FAIR

TO BE HELD AT Raleigh, Thursday, October 24. OLD JOHN ROBINSON'S GREAT TRAVELING MUSEUM, MENAGERIE CARAVAN, AND HIPPODROME,

COMBINED WITH THE GRAND International Zoological Garden, Polytechnic Institute AND MAMMOTH CIRCUS IN FOUR TO TEN TENTS,

As the space of the Grounds will permit JOHN ROBINSON, Pro'r and Gen. Director. JOHN ROBINSON, Jr., Manager.

This Gigantic Enterprise, which has been This Gigantic Enterprise, which has been at a vast expenditure of time and money thoroughly re-organized and equipped for tife present traveling season, presents the Startling, Novel, Unique and Collossal Spectacle never before witnessed in the annals of amusement enterprise either in this or any other age, of

TWELVE SUPERIOR SHOWS IN ONE. All for a Single Price of Admission In the collection and organization of the Museum the utmost care has been taken to gratify and enlighten the public by presenting in One Vast Assemblage an accumulation such as has never been attempted or dreamed of by the combined tact, talent and liberality of all other managers in America or Europe. It may be interesting for the public to understand that for nearly Two Years Mr. Robinson's numerous Agents, who are found in almost every part Agents, who are found in almost every par the world, have been actively emr in procuring Curiosities for his Great Trav eling Show. Some of these were put or exhibition for the first time last year; bu they have been largely supplemented for the present season by new accessions and consignments brought by almost every steamer from foreign Ports which has ar-rived in NewYork for the past eight months. As an illustration of the Indomitable Energy of the well known Proprietor of this establishment, it may be well to remark that the Exhaustless Resources of Europe Asia, Africa and America, with the subdi-Asia, Africa and America, with the Subdivisions of China, Japan, Australia, the Polar Regions, South Sea Islands, Arabia, Turkey, Siam, Circassia. Egypt, the Pacific Arctic, Indian and Atlantic Oceans, together with the Red Sea and Holy Land, have all been levied into, contributing to swel the aggregate of this single Department, which, after all, constitutes but a moiety of all that may be seen.

It is estimated that in the Aquarium

Museum, Menagerie and Caravan there are Twenty-Thousand Curiosities.

This Stupendous Combination has been brought together at an actual cost to the Proprietor of more than a million of dol-lars; which is ten times more than was ever Refers to J. G. Williams, President State National Bank; W. Whitaker, Mayor of Raleigh, W. C. Stronach.

The curiosities of the several departments represents the olicest excerpts from the realms of Zoology, Ornithology, Geology, Iehthyology, Conchology, Entomology, Anthropology, Mannics, Numismatics, Science, Statuary, Oil Arts, and so classified for this Great Exhibition as to challenge the admiration no only of naturalists, but of poets, statesmen, philosophers and divines.

To this vast array is added, in a separate colossal Tent capable of holding Ten Thou-

With One Hundred Horses, Ponies, Camels Mules, Riding Dogs, Monkeys, Trick Horses, Elephants, and Fifty of the best male and female Artists in the world.

If traveling by wagon would require the actual service of nearly two thousand men and horses, it is futhermore confidently believed by those most competent to judge, while the management are very emphatic in the statement that, taken in the aggre gate, J. Robinson's World's Fair has more real and solid attraction, merit and value, with a greater variety of of marvelous features than is generally contained in twenty

tures than is generally contained in twenty ordinary shows.

In order that the public may be able to form an approximating conception of the magnitude of this concern, we volunteer the statement that—which will be qualified at any time—the daily expenses attending John Robinson's Exhibition are three times more than the gross receipts of any of the self-styled first-class shows in America. It is, therefore, with no ordinary degree ca. It is, therefore, with no ordinary degre of confidence that the management an

We respectively solicit the attention of the reader to the following enumeration of only the leading features of the Great Exhibition, as we have not the space to mention the Multitudinous Curlosities with which the entire Exposition so amazingly abounds: The Monster Sea Lions, from abounds: The Monster Sea Llons, from Alaska, nine in number, the largest weighing two thousand pounds, consume five hundred pounds of fish daily; the Egyptian Crocodile, twenty feet long; a Texas Steer Crocodile, twenty feet long; a Texas Steer with three horns and eyes; an Educated Hog, that can read and Talk; the largest Elephant in the world—actual weight five tons; a drove of Camels.
